WORK HISTORY

Junior Software Developer, Microquest // Jan. 2015 - Mar. 2016
Worked on a team of software developers and QA personnel to create a healthcare-related web application, with the aim of facilitating the secure sharing of patient information between both clinics and physicians within Canada

Web Designer & Peer Educator, Compass Centre // Summer 2011 & 2012
Created a mobile website for the organization, as well as traveled to festivals around Alberta engaging attendees in fun trivia and activites to promote sexual health awareness and education

OPEN SOURCE WORK

Review Board   - Worked on re-designing the Git diff viewer for mobile devices and implemented a minor bug fix.

angular-loggly-logger - Small PR adding the ability to dynamically disable/enable sending client logs to Loggly
